**For those wanting to improve their skills outside of our practices:**

Although not a requirement, I do encourage each family to strongly consider investing in their child's skill set with a focus on their strength, conditioning, and flexibility over the summer. Being a cheerleader is hard work and there is much to learn and perfect over the season. Below is the name of a trusted coach who has worked with my teams and many of my cheerleaders for the last 5 years. This, of course, would be outside of our normal practice schedule.

- Ian Duncanson
  - Stunting, Cheer Technique and Tumbling Private Instruction at Tumble Tech in Cedar Park. Contact Coach J for his contact info.
  - We will work with Coach Ian for stunt coaching over the spring and summer, but individual lessons are not paid for by our cheer budget.
